

Dear Ma'am,

Please accept our sincere thanks for considering our application for extending the bus route for bus no 8 of Bavdhan after our repeated discussion on the issue for Master Utkarsh Rathod .Though we understand this arrangement is made till March 2013 and will be reviewed again, however please note that now from the same stop we have at least 10 children boarding the bus and is the end of the main road in our location at Bavdhan and we hope the same route will be continued thereafter.

Please extend our sincere thanks to Principal Ma'am for patiently reviewing our problem and also to Mr. Yogiraj our transport Manager for taking the effort of verifying the route and resolving the issue.

The parents of other children boarding the bus from the stop have also extended their thanks to the school

I take this opportunity also to say that we have always found Sanskriti School to be very approachable and helpful and gives us a sense of pride that our children are studying in one of the best Schools in Pune. Please also extend our thanks to all our teachers and staff for the support and guidance to our children.

Wish you all a Very Happy Diwali and a Prosperous New Year

Thanks and Regards
Rajiv and Anima Rathod
Parents of Utkarsh Rathod
